

# Employee Information System (EIS)

OCDE District System Support – Payroll/ HR

Welcome to the Employee Information System (EIS) training manual. EIS ensures that pertinent information is readily available and allows users to view detailed wage and tax statements, manage leave balances, and update specific demographic information, if applicable.

## Login/Registration

To log in or register for EIS, open a web browser and go to the following address: <https://my.ocdeapps.us/>

A screenshot of the EIS login and registration form. It features the OCDE logo and the text "EIS Employee Information System". There are input fields for "Email Address" and "Password". Below these fields is a link to "TERMS OF SERVICE". A blue "Log in" button is present. At the bottom, there are links for "Forgot password?", "Register", "Forgot email address?", and "Account Reset".

- Registering for EIS

Before registering, ensure the following information is available:

- 10 Digit Employee ID 920##### (## = 7-digit employee ID)  
(If the Employee ID is unknown, please contact the district Payroll department).
- The last four digits of the user's Social Security Number
- Date of Birth
- Valid Email Address

1. Once the welcome screen comes up, click the "**Register**" link:

- A user agrees to the EIS Notice and Terms of Service by registering. These will be displayed by clicking the hyperlink below.

3. Read the terms and then click the blue **Submit** button, and the user can progress to the two-factor authenticator setup.

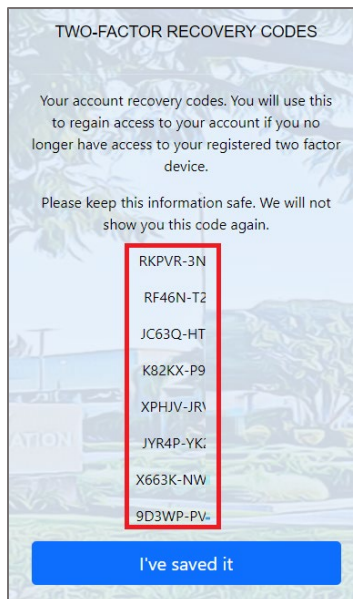

### **Two-factor Authentication (2FA)**

Two-factor authentication (2FA) is an extra layer of protection essential for securing our user's sensitive personal information.

- During registration, a user will set up a two-factor authenticator device.
- After setting up a device, the system will confirm the user's device by requiring an authentication code.
- Once the device is verified, the user will receive 8 unique recovery codes on the screen.

**Please note that each user must save these recovery codes to regain account access if their 2FA device changes. OCDE advises saving a screenshot or copying and pasting these codes securely. Once saved, select "I've saved it."**

- Each time users log into EIS, they will be asked to provide the 2FA. Users can select to receive a text or call to their authentication device.

- Once notified, enter the code and select "**Verify**" to log in.

## Home

The EIS home screen displays Payroll History and Leave Balances for quick access to data such as Pay Stubs and detailed absence information for those districts utilizing our Time and Attendance application.

- Multiple Districts

If an employee has been employed in more than one Orange County School District, use the dropdown on the Home Screen below to select the appropriate District.

## Notices

For districts utilizing the Notices screen in EIS, posted district forms and notices are available to view.

Current notices are posted at the top of the screen. After reading, clicking "Next" allows the employee to state that they have read, understood, and acknowledged the receipt of the notice. Once all notices have been viewed, the employee will click "Submit."

Past Notices can be viewed by clicking the "View" button under the Actions column.

## Balances

Located on the Balances screen in EIS are the Payroll History (Pay Stubs) and Leave Balances (Time and Attendance).

- **Leave Balances**

Select "**Leave Balances**" on the left side of the screen to display the screen.

- The balances screen defaults to the current fiscal year (July- June). It can be changed by selecting a different year via the dropdown in the upper right side of the screen.

## Leave Balances

- The time and attendance balances are grouped by type. Within each type, there is a column for:
  - Begin: Beginning balance at the beginning of the fiscal year. i.e., July 1<sup>st</sup>.
  - Earned: Events for any earned benefit. i.e., 40 hours of vacation earned.
  - Taken: Events for any used benefit. i.e., 8 hours of vacation taken.
  - End: Ending balance for the current fiscal year.
- Rows can be extended by type to see a list view of that event.

## Payroll History

Located on the Balances screen in EIS is the Payroll History (Pay Stubs). To view or download a PDF version of all available forms, highlight and click the issue date.

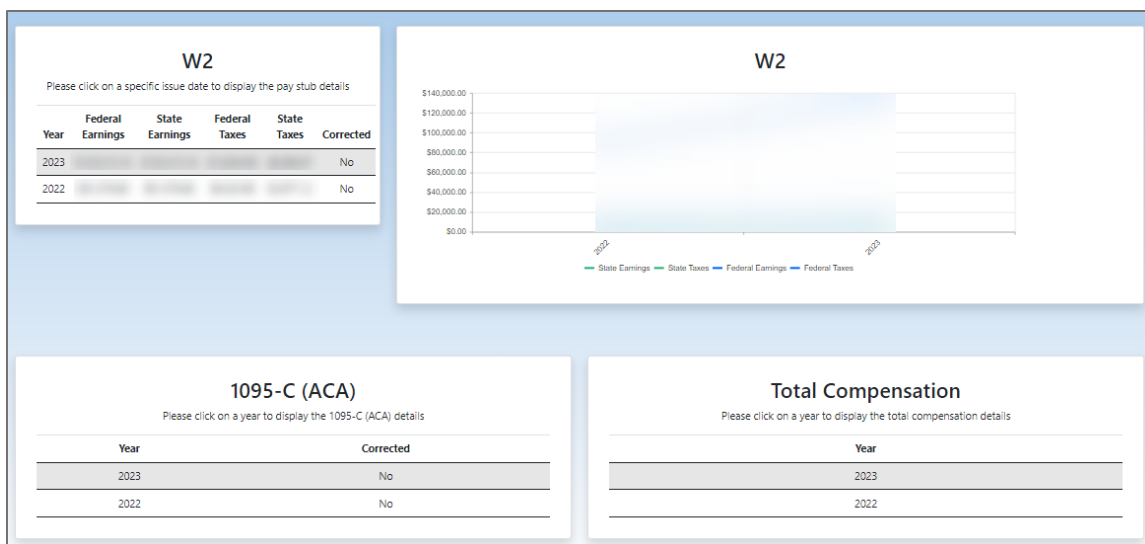

The Payroll History screen defaults to the current calendar year. To view prior years, click the dropdown arrow next to the current year on the right side of the screen.

## Tax Forms

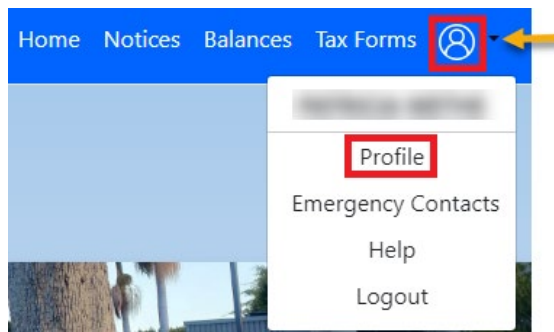

The Tax Forms section displays employees' form W2, 1095-C, and, if applicable, Total Compensation details. To view or download a PDF version of all available forms, highlight and click the issue date.

- W-2 Wage and Tax Statement: This form shows the year's total earnings and taxes withheld.
- 1095-C (Affordable Care Act): This form details an employee's medical coverage if covered by their District.
- Total Compensation: This form contains an employee's total compensation details, if applicable.

## Account

Under the Account section of EIS, changes can be made to Email addresses, Passwords, and Multifactor Authentication (MFA) settings. Employees from districts utilizing the Self-Service feature can also update their Contact Information on these screens.

- Profile

On the profile screen in EIS, changes can be made to the user's email address, passwords, and Multifactor Authentication (MFA) settings.

- Change Email

Selecting "**Change Email**" on the left side of the EIS profile screen will allow users to update their email for login and notification purposes. i.e., forgetting a password.

The main content area has three input fields: 'Password', 'New Password', and 'Confirm New Password'. A blue 'Save' button is located at the bottom right.

- MFA Settings

Selecting "**MFA Setting**" on the left side of the EIS profile screen will allow users to update their Two-Factor Authentication device.

This screenshot shows the MFA Settings section of the EIS profile screen. On the left, there is a vertical list of navigation links: "Change Email", "Change Password", "MFA Settings" (highlighted in blue), "Contact Information", and "Information". On the right, the text "You are currently enrolled in MFA with" is followed by a blurred area. Below this text is a yellow "Change" button.

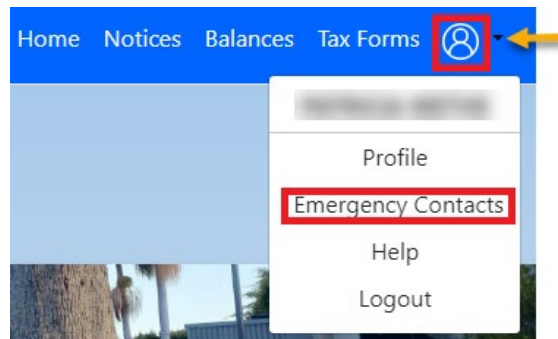

- Contact Information

Selecting "**Contact Information**" on the left side of the EIS profile screen will allow users to update their personal information. For Districts utilizing this feature, updated information in the EIS system will update the HR and Payroll systems:

This screenshot shows the Contact Information section of the EIS profile screen. On the left, the same navigation links are present, with "Contact Information" highlighted in blue. The main content area contains a heading: "The following employee contact information will be used to broadcast notifications to OCDE employees in the event of an emergency, as well as update the HR and Payroll systems. This information will not be used to notify your emergency contacts due to a personal emergency". Below this heading are several input fields: "Home Address 1", "Home Address 2", "City", "State" (with "California" selected in a dropdown), "Zip", "Home Phone", "Mobile Phone", "Work Phone", "Personal Email", "Work Email", and "Other Email". At the bottom, there is a section titled "Select to receive notifications in the event of an emergency:" with a sub-note "Please fill in contact information before selecting". This section contains a list of radio buttons: "Home Phone", "Work Phone", "Mobile Phone", "Text Message", "Personal Email", "Work Email", and "Other Email". A blue "Save" button is located in the bottom right corner.

- Emergency Contacts

Employees can add, update, or delete Emergency Contact information for Districts utilizing the EIS Self-Service feature.

### Account Unlock/Password or Email Reset

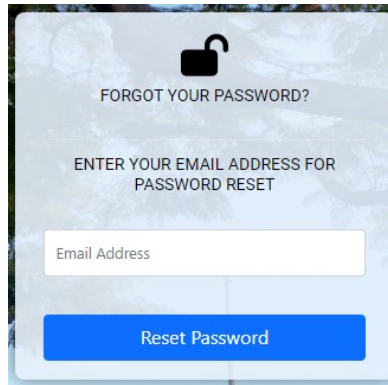

This section will review some frequently asked questions and a quick troubleshooting guide.

- Forgot Password

- During your initial login on the EIS Home screen, select the "**Forgot Password?**" hyperlink.

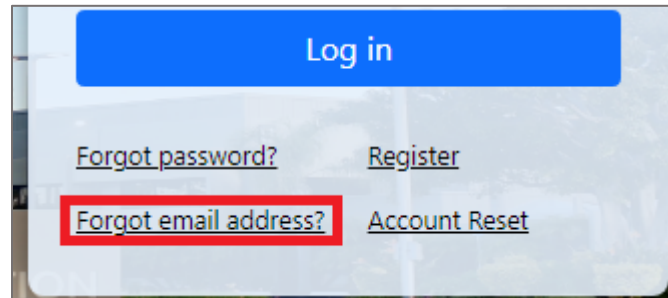

- The EIS system will ask users to confirm the email associated with their EIS account. Click "**Reset Password**," and instructions on resetting the password will be emailed.

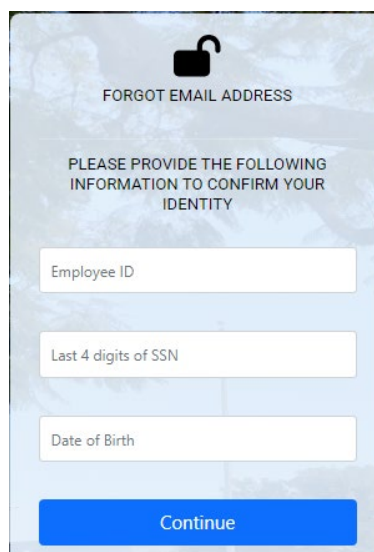

- Forgot Email

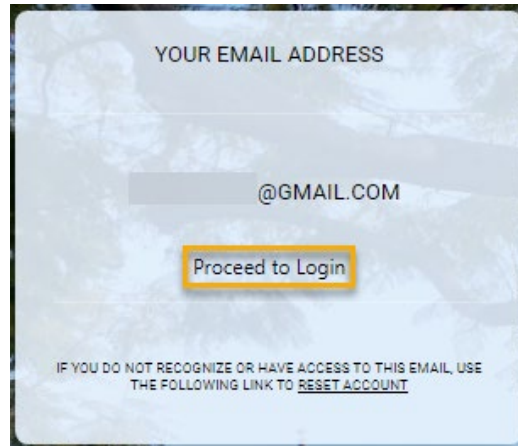

- On the EIS home screen, select "**Forgot email address?**" hyperlink:

- The system will ask a user to enter the following information:
  - Employee ID
  - The last 4 of their social security number
  - Date of birth

- Click "**Continue.**"
- A pop-up will display the email address on file. Click "**Proceed to Login,**" directing you to the login page.

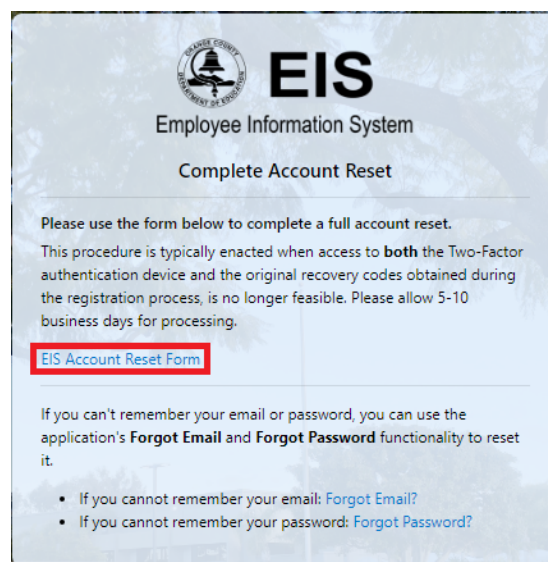

- Complete Account Reset

- A complete EIS account reset is typically needed when:
  - The employee no longer has access to the Two-Factor authentication device.
  - The original recovery codes are no longer viable due to use or if they were lost.
- When either condition is met, an employee must complete the EIS Account Reset Form. To access the form on the EIS home screen, select the "**Account Reset**" hyperlink.

- The screen will redirect the user to the account reset page. Click "**EIS Account Reset Form.**"

- A new browser tab with the form will open. To ensure the privacy of our users, the EIS Account Reset Form requires the following information:
  - Last District Worked
  - First Name
  - Last Name
  - Primary Phone Number
  - Email
  - Attach A Government Issued form of Identification
    - i.e., State ID, Driver's License, Passport, etc.
  - Optional: Notes
