The District will not distribute Addenda or Bidder Questions Responses; Addenda and Bidder Questions Responses will be posted on the Purchasing Webpage. The District's posting of Addenda and/or Bidder Questions Responses on the Purchasing Webpage is deemed the District's distribution of Addenda and/or Bidder Questions Responses to all bidders.
- 8. Project Plan Holder List.** The District's Project Plan Holder List will be compiled exclusively from the sign-in sheet at the Mandatory Job Walk. Any Bidder failing to sign-in at the Mandatory Job Walk will be excluded from Project Plan Holder List and their Bid Proposal will be rejected by the District as being non-responsive. The District will not have a third party maintain a bid registry/plan holder list and will not distribute addenda directly to bidders/plan holders.
- 9. Prevailing Wage Rates.** Pursuant to California Labor Code §1773, the Director of the Department of Industrial Relations of the State of California ("DIR") has determined the generally prevailing rates of wages in the locality in which the Work is to be performed. During the Work and pursuant to Labor Code §1771.4(a)(4), the DIR shall monitor compliance with prevailing wage rate requirements and enforce the Contractor's prevailing wage rate obligations.
- 10. Bidder and Subcontractors DIR Registered Contractor Status.** Each Bidder must be a DIR Registered Contractor when submitting a Bid Proposal. The Bid Proposal of a Bidder who is not a DIR Registered Contractor when the Bid Proposal is submitted will be rejected for non-responsiveness. All Subcontractors identified in a Bidder's Designated Subcontractors' List must be DIR Registered contractors at the time the Bid Proposal is submitted. The Contractor may be subject to penalties by DIR of up to \$10,000 for contracting with any subcontractor that is not DIR registered. The foregoing notwithstanding, a Bid Proposal is not subject to rejection for non-responsiveness for listing Subcontractor the Subcontractors List who is/are not DIR Registered contractors if such Subcontractor(s) complete DIR Registration pursuant to Labor Code §1771.1(c)(1) or (2). Further, a Bid Proposal is not subject to rejection if the Bidder submitting the Bid Proposal listed any Subcontractor(s) who is/are not DIR Registered contractors and such Subcontractor(s) do not become DIR Registered pursuant to Labor Code §1771.1(c)(1) or (2), but the Bidder, if awarded the Contract, must request consent of the District to substitute a DIR Registered Subcontractor for the non-DIR Registered Subcontractor pursuant to Labor Code §1771.1(c)(3), without adjustment of the Contract Price or the Contract Time.
- 11. Bid Security.** Each Bid Proposal shall be accompanied by Bid Security in an amount equal to Ten Percent (10%) of the maximum amount of the Bid Proposal, inclusive of any additive Alternate Bid

- 14. Award of Contract.** The Contract for the Work, if awarded, will be by action of the District's Board of Trustees to the responsible Bidder submitting the lowest priced responsive Bid Proposal. If the Bid Proposal requires Bidders to propose prices for Alternate Bid Items, the District's selection of Alternate Bid Items, if any, for determination of the lowest priced Bid Proposal and for inclusion in the scope of the Contract to be awarded shall be in accordance with the Instructions to Bidders. The District reserves the right to waive immaterial irregularities or informalities in any Bid Proposal or in the bidding process. INSTRUCTIONS TO BIDDERS

Bidders shall follow the instructions in this document, and shall submit all documents, forms, and information required for consideration of their Bid.

Rancho Santiago Community College District (“District” or “Owner”) will evaluate information submitted by all bidders, and, if incomplete in any way, the Bidder's bid may be rejected as nonresponsive.

1. Project. Bids are requested for a general construction contract, or work described in general, for the Project, **Bid #1427 Buildings D, E, H, G, L and SC Roof Repair at Santiago Canyon College**

2. Job-Walk.

- A. *Job Walk.* The District will conduct a mandatory Job-Walk for General Contractors and optional for Subcontractors at the time(s) and place(s) designated in the Notice Inviting Bids (“Notice to Bidders”). Any late attendees will not be allowed to sign-in. The failure of any Bidder to have its authorized representative present at the entirety of the Job Walk will render the Bid Proposal of such Bidder to be non-responsive. The attendance by representatives of the Bidder’s Subcontractors at a Mandatory Job Walk without attendance by a representative of the Bidder shall not be sufficient to meet the Bidder’s obligations hereunder and will render the Bid Proposal of such Bidder to be non-responsive. The Bid Proposal of a Bidder who does not attend the Mandatory Job Walk will be rejected for non-responsiveness.
- B. *Site Visit Certification.* A mandatory job walk and pre-bid conference (“Site Visit”) is required in the Notice to Bidders. Bidders must submit the Site Visit Certification with their Bid. The District will post and make available to all prospective Bidders of record such Addenda as the District in its discretion considers necessary in response to questions presented at the Site Visit. Oral statements shall not be relied upon and will not be binding or legally effective. Addenda issued by the District as a result of the Site Visit, if any, shall constitute the sole and exclusive record and statement of the results of the Site Visit.
- C. *District Additional Job Walk.* The District may, in its sole and exclusive discretion, elect to conduct one or more Job Walk(s) in addition to that set forth in the Notice to Bidders, in which event the District shall notify all Bidders who have theretofore obtained the Contract Documents pursuant to the Notice to Bidders of any such additional Job Walk. If the District elects to conduct any Job Walk in addition to that set forth in the Notice to Bidders, the District shall, in its notice of any such additional Job Walk(s), indicate whether Bidders’ attendance at such additional Job Walk(s) is/are mandatory.
- D. *Bidder Requested Additional Job Walk.* Any Bidder who has obtained the Bid Documents pursuant to the Notice to Bidders may, by written request to the District, request an additional Job Walk if the District has designated a Job Walk in the Notice to Bidders or a Job Walk if the District has not designated a Job Walk in the Notice to Bidders. The District may, in its sole and exclusive discretion, conduct such requested Job-Walk taking into consideration factors such as the time remaining prior to the scheduled opening of Bid Proposals. Any such requested Job Walk will be conducted only upon the requesting Bidder’s agreement to reimburse the District for the actual and/or reasonable costs for the District’s staff and its agents and representatives in arranging for and conducting such additional Job Walk.

3. Preparation and Submittal of Bid Proposal.

- A. *Bid Proposal Preparation.* All information required by the bid forms must be completely and accurately provided. Numbers shall be stated in both words and figures where so indicated in the bid forms; conflicts between a number stated in words and in figures are governed by the words. Partially

completed Bid Proposals or Bid Proposals submitted on other than the bid forms included herein are non-responsive and will be rejected. Bid Proposals not conforming to these Instructions for Bidders and the Notice to Bidders may be deemed non-responsive and rejected.

- B. *Bid Proposal Submittal.* Bid Proposals shall be submitted at the place designated in the Notice to Bidders in sealed envelopes bearing on the outside the Bidder's name and address along with an identification of the Work for which the Bid Proposal is submitted. Bidders are solely responsible for timely submission of Bid Proposals to the District at the place designated in the Notice to Bidders.
 - C. *Date and Time of Bid Proposal Submittal.* A Bid Proposal is submitted only if the outer envelope containing the Bid Proposal is marked with the Project title and is received by a District Facility Planning, District Construction and Support Services Department representative for logging-in at (or before) the latest date and time for submittal of Bid Proposals. The electronic clock and date stamper located in the Facility Planning, District Construction and Support Services is controlling and determinative as to the time of the Bidder's submittal of the Bid Proposal. The foregoing notwithstanding, whether or not Bid Proposals are opened exactly at the time fixed in the Notice to Bidders, no Bid Proposals shall be received or considered by the District after it has commenced the public opening and reading of Bid Proposals; Bid Proposals submitted after such time are non-responsive and will be returned to the Bidder unopened.
4. **Bid Opening.** Bid Proposals will be publicly opened as soon as reasonably practical after the latest date/time for submitting Bid Proposals. Prices proposed in timely submitted Bid Proposals, including prices for alternate bid items, if any, will publicly read aloud as stated in the Notice to Bidders.
 5. **Bid Form.** Bidders must submit Bids on the Bid Form and all other required District forms. Bids not submitted on the District's required forms shall be deemed non-responsive and shall not be considered. Additional sheets required to fully respond to requested information are permissible. Bidders shall not modify the Bid Form or qualify their Bids. Bidders shall not submit scanned, re-typed, word-processed, or otherwise recreated versions of the Bid Form or other District-provided documents.
 6. **Signature.** The Bid Proposal and all other documents submitted with the Bid Proposal which require a signature ("Bid Materials") shall be executed by an individual with authority to bind the Bidder ("Bid Signatory"). Each Bid Signatory warrants and represents to the District that she/he is: (i) duly authorized by the Bidder to execute the Bid Proposal or Bid Materials, as applicable; and (ii) has authority to bind and commit the Bidder to the Bid Proposal or Bid Materials submitted to the District.
 7. **Erasures, Inconsistent or Illegible Bids.** The Bid Proposal and Bid Materials submitted by a Bidder must not contain any erasures, interlineations, or other corrections ("Bid Changes") unless the Bid Changes create no inconsistency and are authenticated by affixing in the margin immediately adjacent to a Bid Change the signature or initials of the Bid Signatory. In the event the District determines any Bid Proposal is unintelligible, inconsistent, or ambiguous, the District may reject such Bid Proposal as not being responsive to material bidding requirements.
 8. **Bidder Modifications.** Changes in or additions to the bid form, recapitulations of the work bid upon, alternative proposals, or any other modification of the bid form which is not specifically called for in the Contract Documents may result in the District's rejection of the bid as not being responsive to the Notice to Bidders. No oral or telephonic modification of any bid submitted will be considered.
 9. **Unbalanced or Altered Bids.** Proposals in which the prices are obviously unbalanced, and those which are incomplete or show any alteration of form or contain any additions or conditional or alternate bids that are not called for or otherwise permitted, may be rejected. A proposal on which the signature of the bidder has been omitted may be rejected. If, in the District's sole discretion, it determines any pricing, costs or other information submitted by a bidder may result in an unbalanced bid, the District may deem such bid non-

responsive. A bid may be determined by the District to be unbalanced if the bid is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the District even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advanced payment.

- 10. Bidder Responsibility.** Prior to award of the Contract, the District reserves the right to consider the responsibility of the Bidder. The District may conduct investigations as the District deems necessary to assist in the evaluation of the responsibility, including without limitation, qualifications and financial ability of the Bidder.
- 11. Complete Bid Proposal.** Bidders must supply all information required by each Bid Document. Bids must be full and complete. The District reserves the right in its sole discretion to reject any Bid as non-responsive as a result of any error or omission in the Bid. Bidders must complete and submit all of the documents with the Bid Form as identified on the Checklist of Mandatory Bid Submittal.
- 12. Responsive Bid Proposal.** A responsive Bid Proposal shall mean a Bid Proposal which conforms to and complies with material requirements of the Bid and Contract Documents. A Bid Proposal that does not conform to material bidding requirements, as reasonably determined by the District, is subject to rejection for non-responsiveness.
- 13. Bidder Due Diligence.** Submission of Bid signifies careful examination of the Contract Documents and a complete understanding of the nature, extent, and location of Work to be performed. Bidders must complete the tasks listed below as a condition to bidding, and submission of Bid shall constitute the Bidder's express representation to the District that Bidder has fully completed the following:
 - A. Bidder has visited the Project Site, if required, and has examined thoroughly and understands the nature and extent of the Contract Documents, Work, Site, locality, actual conditions, as-built conditions, and all local conditions and federal, state and local laws, and regulations that in any manner may affect cost, progress, performance, or furnishing of Work or that relate to any aspect of the means, methods, techniques, sequences, or procedures of construction to be employed by Bidder and safety precautions and programs incident thereto;
 - B. Bidder has conducted or obtained and has understood all examinations, investigations, explorations, tests, reports, and studies that pertain to the subsurface conditions, as-built conditions, underground facilities, and all other physical conditions at or contiguous to the Site or otherwise that may affect the cost, progress, performance, or furnishing of Work, as Bidder considers necessary for the performance or furnishing of Work at the Contract Price, within the Contract Time, and in accordance with the other terms and conditions of Contract Documents, including specifically the provisions of the General Conditions; and no additional examinations, investigations, explorations, tests, reports, studies, or similar information or data are or will be required by Bidder for such purposes;
 - C. Bidder has correlated its knowledge and the results of all such observations, examinations, investigations, explorations, tests, reports, and studies with the terms and conditions of the Contract Documents;
 - D. Bidder has given the District prompt written notice of all conflicts, errors, ambiguities, or discrepancies that it has discovered in or among the Contract Documents and the actual conditions, and the written resolution thereof by the District is acceptable to Bidder;
 - E. Bidder has made a complete disclosure in writing to the District of all facts bearing upon any possible interest, direct or indirect, that Bidder believes any representative of the District or other officer or employee of the District presently has or will have in this Contract or in the performance thereof or in any portion of the profits thereof;

F. Bidder must, prior to bidding, perform the work, investigations, research, and analysis required by the Instructions to Bidders and that Bidder represented in their Bid Form and the Construction Services Agreement that it performed prior to bidding. Bidder is charged with all information and knowledge that a reasonable bidder would ascertain from having performed this required work, investigation, research, and analysis. Bid prices must include entire cost of all work “incidental” to completion of the Work.

14. Designation of Subcontractors; Subcontractors List. Each Bidder shall submit a list of its proposed Subcontractors for the proposed Work who will perform/provide portions of the Work valued at or more than one-half (1/2) of one percent (1%) of the amount proposed by the Bidder for the Work, including any Alternate Bid Items as required by the Subletting and Subcontracting Fair Practices Act (California Public Contract Code §4100 et seq.) on the form of Designated Subcontractors List furnished with the Contract Documents.

A. The foregoing information is set forth in the Designated Subcontractors Form. Each Bidder must provide all information required in the Designated Subcontractors Form for each Subcontractor identified therein. Failure of a Bidder to provide all information required by the Designated Subcontractors Form for a Subcontractor identified therein will result in rejection of the Bidder’s Bid Proposal for non-responsiveness.

B. *Work of Subcontractors.* All Bidders are referred to the Contract Documents and the notation therein that all Contract Documents are intended to be complimentary and that the organization or arrangements of the Specifications and Drawings shall not limit the extent of the Work of the Contract Documents. Accordingly, all Bidders are encouraged to disseminate all of the Specifications, Drawings and other Contract Documents to all persons or entities submitting sub-bids to the Bidder. The omission of any portion or item of Work from the Bid Proposal or from the sub-bidders’ sub-bids which is/are necessary to produce the intended results and/or which are reasonably inerrable from the Contract Documents is not a basis for adjustment of the Contract Price or the Contract Time. Dissemination of the Contract Documents to sub-bidders and dissemination of addenda issued during the bidding process is solely the responsibility of each Bidder.

C. *Subcontractor Bonds.* Pursuant to California Public Contract Code §4108, if a Bidder requires a bond or bonds of its Subcontractor(s), whether the expense of procuring such bond or bonds are to be borne by the Bidder or the Subcontractor(s), such requirements shall be specified in the Bidder’s written or published request for sub-bids. Failure of the Bidder to comply with these requirements shall preclude the Bidder from imposing bonding requirements upon its Subcontractor(s) or rejection of a Subcontractor’s bid under California Public Contract Code §4108(b).

15. Withdrawal or Modification of Submitted Bid Proposal. A Bidder may not withdraw or modify a Bid Proposal submitted to the District except in strict conformity to the following. Bid Proposals may be withdrawn or modified only if: (i) the Bidder submitting the Bid Proposal submits a request for withdrawal or modification in writing to the District; and (ii) the written withdrawal or modification request is actually received by the District prior to the latest date/time for submittal of Bid Proposals. Requests for withdrawal of a Bid Proposal after the public opening of Bid Proposals pursuant to Public Contract Code §5100 et seq. will be considered only if in strict conformity with requirements of Public Contract Code §5100 et seq.

16. Contractor’s License. No Bid Proposal will be considered from a Bidder who, at the time Bid Proposals are opened, is not licensed to perform the Work of the Contract Documents, in accordance with the Contractors’ License Law, California Business & Professions Code §7000 et seq. This requirement is not a mere formality and will not be waived by the District or its Board of Trustees. The required California Contractors’ License classification(s) for the Work is set forth in the Notice to Bidders-

- 17. Conditions Shown on the Contract Documents.** Information as to underground conditions, as-built conditions, or other conditions or obstructions, indicated in the Contract Documents, e.g., on Drawings or in Specifications, has been obtained with reasonable care, and has been recorded in good faith. However, the District only warrants, and Bidder may only rely, on the accuracy of limited types of information.
- A. *Above Ground Conditions and Data.* As to above-ground conditions or as-built conditions shown or indicated in the Contract Documents, there is no warranty, express or implied, or any representation express or implied, that such information is correctly shown or indicated. This information is verifiable by independent investigation and Bidder is required to make such verification as a condition to bidding. In submitting their Bid, Bidder shall rely on the results of their own independent investigation. In submitting their Bid, Bidder shall not rely on the District-supplied information regarding above-ground conditions or as-built conditions.
- B. *Subsurface Data.* By executing the Construction Services Agreement, the Contractor acknowledges that it has examined the boring data and other available subsurface data and has satisfied itself as to the character, quality and quantity of surface and subsurface materials, including without limitation, obstacles which may be encountered in performance of the Work. Subsurface data or other soils investigation report provided by the District hereunder are not a part of the Contract Documents. Information contained in such data or report regarding subsurface conditions, elevations of existing grades, or below grade elevations are approximate only and is neither guaranteed or warranted by the District to be complete and accurate. The District assumes no responsibility for any conclusions or interpretations of the Contractor on the basis of available subsurface data or other information furnished by District under the Contract Documents.
- 18. Examination of Site and Contract Documents.** Each Bidder shall, at its sole cost and expense, inspect the Site and to become fully acquainted with the Contract Documents and conditions affecting the Work. Failure of a Bidder to receive or examine any of the Contract Documents or to inspect the Site shall not relieve such Bidder from any obligation with respect to the Bid Proposal, or the Work required under the Contract Documents. The District assumes no responsibility or liability to any Bidder for, nor shall the District be bound by, any understandings, representations or agreements of the District's agents, employees or officers concerning the Contract Documents or the Work made prior to execution of the Contract which are not in the form of Bid Addenda duly issued by the District. The submission of a Bid Proposal shall be deemed prima facie evidence of the Bidder's full compliance with the requirements of this section.
- 19. As-Builts.** Bidders may examine any available "as-built" drawings of previous work by giving the District reasonable advance notice. District will not be responsible for accuracy of "as-built" drawings. The document entitled Existing Conditions applies to all supplied "as-built" drawings.
- 20. Pre-Bid Questions.** All Bidder questions about the meaning or intent of the Contract Documents shall be directed to the District in writing by email to facilitiesbid@rsccd.edu ("Pre-Bid Questions"). Pre-Bid Questions and requests for clarifications must be submitted to the District by **5:00 P.M. July 29, 2022** on the District's **Pre-Bid Clarification Form** provided within. Bidders are solely responsible for submission of Pre-Bid Questions *prior to such time/date*; the District will not respond to Pre-Bid Questions submitted after such time/date. Responses to timely submitted Pre-Bid Questions will be in the form of Addenda posted on the District's Purchasing Department webpage. Bidders are solely responsible for review of the District's Purchasing Department webpage to obtain Addenda issued during the bidding process. No person is authorized to: (i) render an oral interpretation, correction or modification of any portion of the Contract Documents; or (ii) provide oral responses to Pre-Bid Questions. No Bidder may rely on any such oral interpretation, correction, modification or response.
- 21. Addenda.** Each Addenda shall be part of the Contract Documents. Pursuant to the Notice to Bidders, the District will not distribute Addenda to Bidders. All addendums issued for this project will be issued by

posting on the District's website (www.rscgd.edu then click on "[Bid Opportunities](#)") then search the project by the bid number and project title. Bidders are solely responsible for regularly checking the website for Addenda.

- 22. District's Right to Modify Contract Documents.** Before the public opening and reading of Bid Proposals, the District may modify the Work, the Contract Documents, or any portion(s) thereof by the issuance of written addenda by the issuance of written addenda posted on the District's Purchasing Department webpage who have obtained a copy of the Specifications, Drawings and Contract Documents pursuant to the Notice to Bidders. If the District issues any addenda during the bidding, the failure of any Bidder to acknowledge such addenda in its Bid Proposal will render the Bid Proposal non-responsive and rejected.
- 23. Bidder's Assumptions.** The District is not responsible for any assumptions made or used by the Bidder in calculating its Bid Proposal Amount including, without limitation, assumptions regarding costs of labor, materials, equipment or substitutions/alternatives for any material, equipment, product, item or system incorporated into or forming a part of the Work which have not been previously expressly approved and accepted by the District. The successful Bidder, upon award of the Contract by the District, if any, will be required to complete the Work for the amount bid in the Bid Proposal within the Contract Time and in accordance with the Contract Documents.
- 24. Bidders Interested in More Than One Bid Proposal; Non-Collusion Affidavit.** No person, firm, corporation or other entity shall submit or be interested in more than one Bid Proposal for the same Work; provided, however, that a person, firm or corporation that has submitted a sub-proposal to a Bidder or who has quoted prices for materials to a Bidder is not disqualified from submitting a sub-proposal, quoting prices to other Bidders or submitting a Bid Proposal for the proposed Work to the District. The form of Non-Collusion Affidavit included in the Contract Documents must be completed and duly executed on behalf of the Bidder; failure of a Bidder to submit a completed and executed Non-Collusion Affidavit with its Bid Proposal will render the Bid Proposal non-responsive.
- 25. Preference for Materials, Equipment, Product or Service Substitutions.** Whenever the Contract Documents indicate any designated material, equipment, product or service or any specific name, make, trade name, or catalog number, with or without the words, "or equal," such designation shall be read as if the language "or equal" is incorporated. Such designation shall be deemed to establish a minimum standard of quality or performance and shall not be construed as limiting competition. All requests for substitution, together with the substantiating information and/or documentation establishing the equivalency of a proposed substitution or alternative for designated material, equipment, product or service, shall be submitted by Contractor no later than Ten (10) calendar days prior to the scheduled bid opening date; any request for approval of proposed alternatives or substitutions submitted thereafter may be rejected summarily. The foregoing notwithstanding, if any material, equipment, product, service or other item is designated in the Contract Documents as a "District Standard" or similar words/terms, the District shall be deemed to have made a finding that such material, equipment, product, service or other item is designated and specified pursuant to Public Contract Code §3400 to match other materials, equipment, products, services or other item in use in a completed or to be completed work of improvement and not subject to substitution. If any material, equipment, product, service or other item is identified in the Contract Documents as being the only source of the material, equipment, product, service or other item necessary to accomplish the intended result(s), such material, equipment or other item shall be deemed a "sole source" and shall not be subject to substitution.

Substitution for Designated Materials, Equipment, Product and/or Services.** Bids shall be based on the materials, equipment, products, services, and systems designated in Contract Documents or approved substitutions listed by name in Addenda. All requests must comply with the requirements specified in Article 16 of the General Conditions and Specification Section 016000.

27. Rejection of Bids. The District reserves the right to reject any or all bids, including without limitation, the right to reject any or all nonconforming, non-responsive, unbalanced, or conditional Bids, to re-bid, and to reject the Bid of any Bidder if the District believes that it would not be in the best interest of the District to make an award to that Bidder, whether because the Bid is not responsive or the Bidder is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criteria established by the District. The District also reserves the right to waive inconsequential deviations not involving price, time, or changes in the Work. For purposes of this paragraph, an “unbalanced bid” is one having nominal prices for work item(s) that represent substantive work and/or overly-enhanced prices for nominal work item(s).

28. Bid Protests.

The District’s Assistant Vice Chancellor, Facility Planning, District Construction and Support Services, or Designee shall provide the Bidder submitting the bid protest with a written statement concurring with or denying the bid protest (“Bid Protest Response”). The Bid Protest Response is deemed the final action of the District and not subject to appeal or reconsideration by any other employee or officer of the District or the Board of Trustees of the District. The issuance of the Bid Protest Response by the District’s Assistant Vice Chancellor, Facility Planning, District Construction and Support Services, or the Designee is an express condition precedent to the institution of any legal or equitable proceedings relative to the bidding process, the District’s intent to award the Contract, the District’s disposition of any bid protest or the District’s decision to reject all Bid Proposals. If any such legal or equitable proceedings are instituted and the District is named as a party thereto, the prevailing party(ies) shall recover from the other party(ies), as costs, all attorneys’ fees and costs incurred in connection with any such proceeding, including any appeal arising therefrom. Each Bidder shall acknowledge in the Bid Proposal that the foregoing is a binding attorneys’ fee agreement pursuant to Civil Code §1717 and shall be enforceable against the Bidder and the District.

Please also refer to the District's Administrative Regulations for Board Policy 6610. Failure to complete and submit the required forms noted herein with the bidder's bid shall render the bidder's bid non-responsive.

Goals & Definitions

The District's Board has established a goal of 50% participation of "Local Hires" and 25% participation of "Local Businesses" for applicable capital improvement and construction contracts awarded each fiscal year. It is the intent of the Board to not only meet these goals, but to exceed them. As used in this form:

"Local Hire" means an individual who is "domiciled", as defined in Elections Code section 349(b), in the following zip codes at least seven days prior to commencing work on a Public Project: 92602, 92606, 92610, 92612, 92614, 92618, 92620, 92626, 92627, 92660, 92675, 92676, 92679, 92688, 92701, 92703, 92704, 92705, 92706, 92707, 92708, 92780, 92782, 92802, 92805, 92806, 92807, 92808, 92840, 92843, 92861, 92862, 92865, 92866, 92867, 92868, 92869, 92883, or 92887. Local Hire shall also mean a "veteran" as defined in Military and Veterans Code section 980, who possesses a current and valid DD Form 214 card, and will provide work on District Public Projects. Local Hire shall also mean any current or former student that the District determines is or was enrolled as a student at one of the District's colleges, and will provide work on District Public Projects. The District's determination on whether an individual meets the definition of a "Local Hire" shall be binding and final.

"Local Business" means a business serving as a contractor as defined in Business and Professions Code section 7026 or a business supplying construction-related materials that has its principal headquarters or permanently staffed regional office and that has held a business license within the zip codes listed above for Local Hire for a minimum of three months prior to the date the entity submits a bid, contract, or proposal for a Public Project. A Local Business contractor must also be properly registered with the Department of Industrial Relations in accordance with Labor Code section 1725.5. Local Business shall also mean any state or nationally certified minority-owned, women-owned, or disabled veteran business that has performed work for the District or other public agency within the zip codes listed above for Local Hire during the past four years. Certification for a disabled veteran business must be provided to the District. Local Business shall also mean a business that participates in an internship program that is currently approved or recognized by the District. The entity may also apply to obtain District approval of its internship program. The internship program must be approved by the District and must be completed by the end of the specific Public Project or by the next semester immediately after completion of the specific Public Project. Local Business shall also mean any entity that uses apprentices from a District approved apprenticeship program.

INSTRUCTIONS FOR LOCAL HIRES AND LOCAL BUSINESS PARTICIPATION STATEMENT

1. GENERAL INFORMATION:

- A. The percentage for Local Hire participation shall be calculated by taking the ratio of the total number of workers performing work on the Project that are Local Hires as defined above, compared against the total number of all workers performing work on the Project.

$$\frac{\text{(total number of Local Hires)}}{\text{(total number of workers on the Project)}} \times 100 = \text{percentage of Local Hire participation}$$

- B. The percentage for Local Business participation shall be calculated by taking the ratio of the total number of businesses providing any labor, materials or services for the Project authorized by the Contractor or their subcontractors that are Local Businesses as defined above, compared against the total number of all businesses providing any labor, materials or services for the Project authorized by the Contractor or their subcontractors.

$$\frac{\text{(total number of Local Businesses)}}{\text{(total number of businesses on the Project)}} \times 100 = \text{percentage of Local Business participation}$$

2. CHOOSING AN OPTION:

- A. Are you a Local Business as defined above on page one and do you intend to perform 95% of the work on the Project with your own employees? Yes No

If "Yes", check Option 1 and sign and submit the Local Hires and Local Business Participation Statement Options Form with your bid.

If "No", proceed to Section 2.B below.

- B. Based on the General Information in Section 1.A above, will you be able to meet the goal of 50% participation by Local Hires? Yes No

If "Yes", proceed to Section 2.C below.

If "No", proceed to Section 2.D below.

- C. Based on the General Information in Section 1.B above, will you be able to meet the goal of 25% participation by Local Businesses? Yes No

If "Yes", check Option 2, carefully review their requirements, and sign and submit the Local Hires and Local Business Participation Statement Options Form with your bid.

If "No", proceed to Section 2.D below.

- D. Check Option 3, carefully review the requirements, complete and submit the Local Hires and Local Business Participation Statement Options Form with your bid.

LOCAL HIRES AND LOCAL BUSINESSES PARTICIPATION STATEMENT OPTIONS FORM

OPTION 1. By checking this option, the Contractor certifies under penalty of perjury under the laws of the State of California that it is a Local Business and that the Contractor (including their subcontractors) certifies that it intends to perform 95% of the work for the Project with their own employees. Upon completion of the Project and as a precondition for final payment, Contractor will confirm Local Hire or Local Business participation on the Project by completing and submitting the Local Hire and Local Business Contractor Close-Out Statement.

OPTION 2. The Contractor has secured Local Hire participation for the Project, and that such Local Hire participation represents fifty percent (50%) of the number of all workers who will be performing work on the Project. Upon completion of the Project and as a precondition for final payment, Contractor will verify and report to the District the actual Local Hire participation on the Project by completing and submitting the Local Hire and Local Business Contractor Close-Out Statement.

The Contractor has also secured Local Business participation for the Project, and that such Local Business participation represents twenty-five percent (25%) of the total number of all businesses providing any labor, materials or services for the Project authorized by the Contractor or their subcontractors. Upon completion of the Project and as a precondition for final payment, Contractor will verify and report to the District the actual Local Business participation on the Project by completing and submitting the Local Hire and Local Business Contractor Close-Out Statement.

The Contractor further agrees that on at least a monthly basis, it will review all of their own certified payroll records, as well as the certified payroll of all subcontractors on the Project to date and prepare a written analysis and evaluation of the number of total workers on the Project and the number of Local Hires on the Project to date. The Contractor shall also perform a similar analysis and evaluation of the ratio of Local Businesses for the Project. These ratios shall be updated on at least a monthly basis and submitted with the Contractor's Payment Application. Failure to provide this analysis may result in the District delaying payment to the Contractor.

OPTION 3. The Contractor was unable, after reasonable good faith efforts, to secure 50% Local Hire and 25% Local Business participation for the Project. Contractor shall demonstrate their good faith efforts by completing the Local Hire and Local Business Good Faith Effort Worksheets at the time the Contractor is preparing their bid. After the District issues a Notice of Award letter to the Contractor for the Project, the Contractor shall have 24 hours to provide the Local Hire and Local Business Good Faith Effort Worksheets with a minimal of three Local Hires and three Local Businesses. Failure to document a minimum of three Local Hires and three Local Businesses in the Good Faith Effort Worksheets, or failure to provide the Good Faith Effort Worksheets in a timely manner will render the Contractor's bid non-responsive and the District may award the contract for the Project to the next lowest, responsive, responsible bidder. The District may require the Contractor to provide additional documents or information and Contractor agrees to comply with any requests made by the District.

The Contractor agrees it will use Local Hires and Local Businesses if the opportunity arises at any time during construction of the Project. Upon completion of the Project and as a precondition for final payment, the Contractor will verify and report to the District the actual Local Hire participation on the Project by completing and submitting the Local Hire and Local Business Contractor Close-Out Statement attached hereto as Local Hire and Local Business Contractor Close-out Certification.

**CONTRACTOR CERTIFICATION FOR LOCAL HIRES AND LOCAL BUSINESSES
PARTICIPATION STATEMENT**

The Contractor certifies under penalty of perjury under the laws of the State of California that it has made reasonable efforts to secure participation by Local Hires and Local Businesses for the Project, including participation by Subcontractors and/or material suppliers. Contractor has reviewed the Instructions for local hires and local businesses, and has *checked one of the Options* on the Local Hires and Local Business Participation Statement Options Form.

In the event the Surety fails to issue its Notice of Election to Obligee within the time provided for hereinabove, the Obligee may thereafter cause the cure or remedy of the Principal’s failure of performance or default or to complete the Work. The Principal and the Surety shall be jointly and severally liable to the Obligee for all damages and costs sustained by the Obligee as a result of the Principal’s failure of performance under the Contract Documents or default in its performance of obligations thereunder, including without limitation the costs of cure or completion of the Work exceeding the then remaining balance of the Contract Price; provided that the Surety’s liability hereunder for the costs of performance, damages

and other costs sustained by the Obligee upon the Principal's failure of performance or default under the Contract Documents shall be limited to the penal sum hereof, which shall be deemed to include the costs or value of any Changes to the Work which increases the Contract Price.

LEAD-BASED MATERIALS CERTIFICATION

This certification provides notice to the Contractor that:

1. The Contractor's work may disturb lead-containing building materials.
2. The Contractor must notify the District if any work may result in the disturbance of lead-containing building materials.

Lead as a Health Hazard

Lead poisoning is recognized as a serious environmental health hazard facing children today. Even at low levels of exposure, much lower than previously believed, lead can impair the development of a child's central nervous system, causing learning disabilities, and leading to serious behavioral problems. Lead enters the environment as tiny lead particles and lead dust disburse when paint chips, chalks, peels, wears away over time, or is otherwise disturbed. Ingestion of lead dust is the most common pathway of childhood poisoning; lead dust gets on a child's hands and toys and then into a child's mouth through common hand-to-mouth activity. Exposures may result from construction or remodeling activities that disturb lead paint, from ordinary wear and tear of windows and doors, or from friction on other surfaces.

Ordinary construction and renovation or repainting activities carried out without lead-safe work practices can disturb lead-based paint and create significant hazards. Improper removal practices, such as dry scraping, sanding, or water blasting painted surfaces, are likely to generate high volumes of lead dust.

Because the Contractor and its employees will be providing services for the District, and because the Contractor's work may disturb lead-containing building materials, the Contractor is hereby notified of the potential presence of lead-containing materials located within certain buildings utilized by the District. All school buildings built prior to 1993 are presumed to contain some lead-based paint until sampling proves otherwise.

Overview of California Law

Education Code section 32240 et seq. is known as the Lead Safe Schools Protection Act. Under this act, the Department of Health Services (DHS) is to conduct a sample survey of schools in the State of California for the purpose of developing risk factors to predict lead contamination in public schools (Ed. Code, § 32241).

Any school that undertakes any action to abate existing risk factors for lead is required to utilize trained and state-certified contractors, inspectors, and workers (Ed. Code, § 32243, subd. (b)). Moreover, lead-based paint, lead plumbing, and solders, or other potential sources of lead contamination, shall not be utilized in the construction of any new school facility or the modernization or renovation of any existing school facility (Ed. Code, § 32244.).

Both the Federal Occupational Safety and Health Administration (Fed/OSHA) and the California Division of Occupational Safety and Health (Cal/OSHA) have implemented safety orders applicable to all construction work where a contractor's employee may be occupationally exposed to lead.

The OSHA Regulations apply to all construction work where a contractor's employee may be occupationally exposed to lead. The OSHA Regulations contain specific and detailed requirements imposed on contractors subject to that regulation. The OSHA Regulations define construction work as work for construction, alteration, and/or repair, including painting and decorating. It includes, but is not limited to, the following:

- A. Demolition or salvage of structures where lead or materials containing lead are present;

- B. Removal or encapsulation of materials containing lead;
- C. New construction, alteration, repair, or renovation of structures, substrates, or portions thereof, that contain lead, or materials containing lead;
- D. Installation of products containing lead;
- E. Lead contamination/emergency cleanup;
- F. Transportation, disposal, storage, or containment of lead or materials containing lead on the site or location at which construction activities are performed; and
- G. Maintenance operations associated with the construction activities described in the subsection.

Because it is assumed by the District that all painted surfaces (interior as well as exterior) within the District contain some level of lead, it is imperative that the Contractor, its workers and subcontractors fully and adequately comply with all applicable laws, rules and regulations governing lead-based materials (including title 8, California Code of Regulations, section 1532. 1).

The Contractor must notify the District if any Work may result in the disturbance of lead-containing building materials. Any and all Work that may result in the disturbance of lead-containing building materials must be coordinated through the District. A signed copy of this Certification must be on file prior to beginning Work on the Project, along with all current insurance certificates.

3. Renovation, Repair and Painting Rule, Section 402(c)(3) of the Toxic Substances Control Act

In 2008, the U.S. Environmental Protection Agency, issued a rule pursuant to the authority of Section 402(c)(3) of the Toxic Substances Control Act, requiring lead safe work practices to reduce exposure to lead hazards created by renovation, repair and painting activities that disturb lead-based paint (Renovation, Repair and Painting Rule). Renovations in homes, childcare facilities, and schools built prior to 1978 must be conducted by certified renovations firms, using renovators with accredited training, and following the work practice requirements to reduce human exposures to lead.

The Contractor, their workers and subcontractors must fully and adequately comply with all applicable laws, rules and regulations governing lead-based materials, including those rules and regulations appearing within title 40 of the Code of Federal Regulations as part 745 (40 CFR 745).

The requirements apply to all contractors who disturb lead-based paint in a six-square-foot area or greater indoors or a 20-square-foot area outdoors. If a DPH-certified inspector or risk assessor determines that a home constructed before 1978 is lead-free, the federal certification is not required for anyone working on that particular building.

4. Contractor's Liability

If the Contractor fails to comply with any applicable laws, rules, or regulations, and that failure results in a site or worker contamination, the Contractor will be held solely responsible for all costs involved in any required corrective actions, and shall defend, indemnify, and hold harmless the District, pursuant to the indemnification provisions of the Contract, for all damages and other claims arising therefrom.

If lead disturbance is anticipated in the Work, only persons with appropriate accreditation, registrations, licenses, and training shall conduct this Work.

It shall be the responsibility of the Contractor to properly dispose of any and all waste products, including, but not limited to, paint chips, any collected residue, or any other visual material that may occur from the prepping of any painted surface. It will be the responsibility of the Contractor to provide the proper disposal of any hazardous waste by a certified hazardous waste hauler. This company shall be registered with the Department of Transportation (DOT) and shall be able to issue a current manifest number upon transporting any hazardous material from any school site within the District.

The Contractor shall provide the District with any sample results prior to beginning Work, during the Work, and after the completion of the Work. The District may request to examine, prior to the commencement of the Work, the lead training records of each employee of the Contractor.

The Contractor hereby acknowledges, under penalty of perjury, that it:

1. Has received notification of potential lead-based materials on the District's property;
2. Is knowledgeable regarding and will comply with all applicable laws, rules, and regulations governing work with, and disposal of, lead.

The undersigned warrants that he/she has the authority to sign on behalf of and bind the Contractor. The District may require proof of such authority.
