Answer: No, fire protection drawings are not available.

7. With regard to the District's stated preference for Local Hires and Local Businesses, and your selection criteria of "Firm located in District or Orange County (for locally-funded projects)," will the District consider hiring a Prime firm that is not local (does not have an office location within the zip codes listed in Exhibit H), if its designated sub-consultants and/or their employees meet the Local/Zip Code criteria?
