

Enrollment and Outcomes Trends of Orange Unified School District Graduates Who Matriculate to Santiago Canyon College

Compiled by RSCCD Research Department, July 2014

Background

For over a decade, now, we have tracked new graduates (first-time freshmen 17-19 years of age) from Orange Unified School District (OUSD) who matriculate to Santiago Canyon College (SCC). Groups of students—cohorts—are comprised of students who last attended high schools in Orange, ages 17-19, who enrolled for the first-time at SCC in the fall semesters of 2009 through 2012.

Summary Findings

- **Matriculants to SCC:** The number of graduates from Orange high schools decreased, overall, about 7% from Fall 2011 to Fall 2012. Specifically, matriculants from El Modena decreased in numbers while Villa Park graduates enrolled at SCC in higher numbers.
- **Course Success at SCC:** Across all courses enrolled, OUSD matriculants succeeded in their first semester at the same rate as the prior year's cohort (up seven percentage points from the 2009 cohort rate).
- **Basic Skills Course Advisements:** Overall, OUSD matriculants placed in English, Math, and Reading coursework at comparable levels across the four years of study.
- **Persistence:** Overall, OUSD matriculants to SCC persisted to a second semester at a rate five percentage points higher than the 2011 cohort.
- **Transfers to 4-year colleges:** Over two-thirds (69%) of cohort student transfers enrolled in California State University at Fullerton.

Detailed data for matriculants from each of Orange Unified School District's high schools are included in this report.
