

## Enrollment and Outcomes Trends of City of Santa Ana High School Graduates Who Matriculate to Santa Ana College

Compiled by RSCCD Research Department, December 2014

### Background

For over a decade, now, we have tracked new graduates from City of Santa Ana high schools who matriculate to Santa Ana College. Groups of students—cohorts—are comprised of students who last attended high schools in Santa Ana, ages 17-19, who enrolled for the first-time at SAC in the fall semesters of 2009 through 2013.

### Summary Findings

- **Matriculants to SAC:** The number of graduates from Santa Ana high schools increased, overall, about 10% from Fall 2011 to Fall 2012. Specifically, Saddleback High School graduates matriculated at a rate 44% higher and Century, similarly, at a rate 28% higher than the prior Fall.
- **Course Success at SAC:** Across all courses enrolled, SAUSD matriculants succeeded in their first semester at comparable rates as prior years (56% vs. 52% to 59%).
- **Persistence:** SAUSD matriculants to SAC persisted to a second semester at comparable rates, overall, to prior years. Specifically, however, Cesar E. Chavez and Lorin Grisct Academy persisted at significantly higher rates than prior years.
- **Time to Degree:** Students SAUSD matriculant cohorts earned awards (both degrees and certificates) in less time than in prior semesters (8.34 for the 2009 cohort vs. 6.23 semesters for the 2011 cohort).
- **Transfers to 4-year colleges:** 56% of cohort student transfers enrolled in California State University at Fullerton; 9% to CSU Long Beach, and 8% to University of California at Irvine.

Detail data for matriculants from each of Santa Ana's high schools are included in this report.

**Number of Graduates Who Matriculate from Santa Ana High Schools**
