

Rancho Santiago Community College District Transfers to Four-Year Institutions by Degree-Earners

June 2014

In 2012-13, Santa Ana College (SAC) and Santiago Canyon College (SCC) awarded 2,726 AA/AS degrees to their students. An unduplicated count of those students (some were awarded multiple degrees during Summer 2012, Fall 2012 and Spring 2013 sessions) results in 2,016 (1,347 at SAC and 680 at SCC). For those graduates:

- Transfer files (Summer 2012 through Spring 2014) were located at four-year institutions for 41% (555 out of 1,347) of the students who were awarded degrees by SAC, and 38% (255 out of 680) SCC degree-earners.
- Three-quarters (609 out of 810) of the transfers to four-year institutions by RSCCD graduates enroll in colleges in the California State University system.
- Over half (448 out of 810) of the transfers to four-year institutions by both SAC and SCC graduates can be attributed to California State University, Fullerton.
- The next highest numbers of transfers from both colleges are to UC Irvine (6% of SAC's graduate-transfers and 4% of SCC's graduate-transfers) and CSU Long Beach (6% of SAC's graduate-transfers and 7% of SCC's graduate-transfers).
- For both colleges, liberal arts graduates account for the highest number of transfers to four-year institutions followed by business, nursing, fire technology and psychology graduates.

The numbers presented in this report underestimate the true number of transfers due to limitations in tracking students once they leave our institution. Despite these limitations, the transfer activity captured in this report provides valuable insight on student transfer and college degree completion. Note that we do not have access to student course enrollment or performance at their new college destinations.

Detailed data is included on the next pages.
