1. Participatory Governance Items

Chancellor Rodríguez reported that some research had been gathered on how other districts use their district governance council, but he had not had time to review it. It is likely this topic would be one to be further discussed in the fall, based on how close we were to the end of the spring semester.

2. Review of Board Docket

The April 2, 2012 board docket was reviewed. Dr. Rodríguez stated that recognition of students would take place at the meeting. In addition, a report on the recent bond refunding would be given to the Board by the bond counsel. Vice Chancellor Hardash then reviewed the presentation he would be giving to the Board at the meeting.

An inquiry about the status of the work being done regarding the trustee area redistricting was made. Executive Vice Chancellor Didion reported that all Trustees had been interviewed and the next steps were for the trustees to discuss and approve the criteria for redistricting, review the proposed new boundaries and adopt a final version. This would be completed prior to July, which is the deadline to get the information to the County.
