

Rancho Santiago Community College District Students' Zip Codes of Residence, by College (Fall 2010) Compiled by the RSCCD Research Department, July 2011

Summary

For the purposes of this report, “**non-traditional**” refers to students enrolled in classes that meet at sites other than the main college campuses. These programs include Apprenticeships, Fire Academy, Contract Management, Criminal Justice Academy, Quality Assurance, Business Seminars, and courses delivered exclusively online or via television (do not include hybrid courses). Conversely, students identified as “**traditional**” are students who attend at least one class during the semester on campus.

In Fall 2010:

- 61% and 56% of students enrolled in at least one traditional on-campus course section (SAC and SCC, respectively) report that they reside within RSCCD boundaries.
- Most off-campus/non-traditional students (89% at SAC and 78% at SCC) report that they reside outside RSCCD boundaries.
- Overall, the greatest numbers of students from outside RSCCD boundaries reside in the cities of Anaheim and Tustin (both SAC and SCC), Yorba Linda (SCC) and Huntington Beach (SAC).
- CEC’s student population is comprised primarily of Santa Ana residents (94%). Over half of OEC’s students reside in the City of Orange, and another quarter in Santa Ana.

District of Residence of Traditional and Non-Traditional* Students at RSCCD
