Electronic and information technologies (EIT) are a means by which Rancho Santiago Community College District provides information to students, faculty, staff, and other constituents. The need to ensure accessibility to all members of the campus community is critical as more administrative services and learning environments are based on EIT. It is also a part of the District's ongoing commitment to establishing a barrier free learning community, or universal access, to all individuals.

As mandated by federal and state laws and the California Community Colleges Chancellor's Office, it is required that Rancho Santiago Community College District comply with Section 508 Standards to ensure accessibility to EIT for individuals with disabilities. The Chancellor or designee shall act to enforce compliance with the accessibility requirements of Section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794d) and its implementing regulations set forth at Title 36 CFR Part 1194.
