**BP 6010 Equitable Opportunities for Business Enterprises**

The Governing Board of Rancho Santiago Community College District recognizes the importance of enhancing business opportunities and the value of continuing to expand our pool of qualified vendors and contractors. In this regard, our policy is to vigorously contribute to achieving the goals established for the California Community College System, regarding purchasing goods and services from businesses owned by minorities, women, and disabled veterans.

The district shall continue to adhere to other regulations which are equally important to protecting the public interest (for instance competitive bidding, prudent risk management, etc.).
