Policy and Procedure Development

The District utilizes the Community College League of California's Policy and Procedure Service, which provides periodic updates to existing policies and procedures and recommends the adoption of new policies and procedures in response to changes in law, regulation and/or accreditation standards.

Policy Revision and Adoption

All policies are the purview of the Board of Trustees. Any recommendation by staff to revise an existing policy or adopt a new policy must be reviewed by the District Council prior to submission to the Board Policy Committee. The Board Policy Committee may also, on its own, initiate a review of Board Policies and Administrative Procedures. Policy actions recommended by the Board Policy Committee will be presented to the Board of Trustees in accordance with the provisions of Board Policy 2410. Minor policy revisions (e.g. typographical errors, changes to job titles, changes to legal references) may be made following District Council review and will not require Board of Trustees action.

Revision and Adoption of Administrative Regulations

Administrative Regulations are intended to provide procedural guidance and clarification concerning the implementation of Board Policies. All recommendations to revise existing regulations or adopt new regulations will be presented to the District Council.
